Application for Lottery funding

Mrs Lambert and Mrs Ayles showed the team an area of land within the school grounds that is currently not being used and explained that funding may be available to bring it in to use.

The team discussed how it could be used and by whom. It was agreed that it could become a quiet wildlife area where the plants and animals are the most important things; with possibly a pond or water feature, viewing area and shed / outdoor classroom.

The team composed a letter to support the application with Mrs Lambert. Mrs Brown is preparing the application for submission by 1st June.
