

## WESTFIELD PRIMARY SCHOOL

### Sports Premium (PE and Sports Grant 2017/18)

The government is continuing to provide additional funding to improve the provision of physical education (PE) and sport in primary schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport. This will see money going directly to schools to be spent on improving the quality of sport and PE for everybody.

The school believes they will receive a grant of approximately £18,000 for the 2017/18 academic year.

At Westfield we are determined to ensure every child leads a fit and healthy lifestyle and so their engagement and enjoyment of sports provision and PE lessons is crucial to that. Our school offers a broad and diverse range of sporting opportunities (before, during and after school) we aim for all children have the ability to find an activity they will enjoy and can succeed in. Each year we aim to build on the successes of the previous year and raise the profile of sport, introducing new sports within our school. We also take advantage of the many offers of free, high-quality sports coaching from external providers (lacrosse coaching in Y5 and cricket coaching for Y3, Y4, Y5 and Y6 so far in 2016/17). Our use of the sports premium is sustainable due to: the number and breadth of staff trained to deliver high quality PE lessons; our introduction of Sports Leaders whose job is to give our pupils a voice about sport within the school and raise the profile and importance of sport; and our careful spending on equipment and resources only if it is durable and will have lasting benefit to our sports provision.

#### Westfield has decided to use the money to:

- 1) To maintain the amount and range of cross curricular activities provided at school.
- 2) To utilise sports coach (NJ) in up skilling staff in delivering effective and successful PE lessons and school sport.
- 3) To embed the principles of mindfulness to support their well-being and how they can use it in sport.
- 4) To increase the number of children competing in inter-school competitions.
- 5) To ensure every child participates in intra-school competitions termly.
- 6) To appoint Sports Leaders from Year 5 and 6 to support the promotion of sport within our school.
- 7) To continue the Daily Mile across the school, and introduce a 'marathon' wristband incentive, to ensure every child participates and enjoys daily exercise.
- 8) To continue to foster a healthy competitive element to our Sports Day in KS2.
- 9) To introduce two new sports to Westfield, Basketball and Table Tennis and to purchase and install outdoor table tennis tables and Basketball Hoops and associated equipment.
- 10) To audit sports equipment and make additional purchase where necessary.
- 11) To ensure a wide variety of inspirational professional sports people come and visit Westfield to promote sport and reinforce our school value and our growth mindset ethos.

#### Impact

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing the participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of achieving.

Measuring the impact of the activities provided with Sports Premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school. We will also evaluate the impact of professional development on improving the teaching and learning in PE.
