YOGA

yoga for younger children

Fun, creative yoga classes for Key Stage 1, designed to maintain the inherent yoga abilities children have within them. To familiarise them with the world of emotions and how to deal with them and give them simple tools to manage things like anxiety. The classes combine yoga and mindfulness, fun breathing exercises and simple meditations, games or stories; to bring the many benefits of yoga to children in a non-competitive environment. The sessions will help your child's confidence, self-awareness, co-ordination and concentration, maintain their creativity, strengthen their physical abilities and increases their flexibility. We finish each class with a creative guided relaxation, so they feel revived and refreshed.

Friday Lunch Club 12:30pm - 1pm
Course runs from 22nd April - 17th June 2022
(No classes; 20th May & 3rd June)
