

Milo's Termly Times...

Autumn 2019

This term's 'Milo Termly Times' has been written by our Year 6 reporters- Belle, Rosa, Archie and Charlotte.

This term Milo has continued to help support children with their learning and also how they feel around dogs. A pupil at Westfield said, "I was anxious around dogs but now I feel happier and safer around them from having Milo as a school pet!"

As well as supporting children with how they feel about Milo he also helps them emotionally and with their attitude towards learning. We asked another child about how Milo helped them throughout the term.

They said, "Milo helps me to calm down and persevere in my learning."

At Westfield we take Milo on dog walks during lunchtime with our Head teacher and the children find it really enjoyable, this also gives them time to talk about what they are learning in their class. We are all very grateful to have Milo because he is an amazing pet and we could never have a better school dog. Some of the dog walkers said, "I really enjoy dog walking because I get to talk about what I enjoy in learning."

Milo is a very happy , good dog and everyone in Westfield is really grateful to have him.

Lunchtime walkers...

This year Year 2 have enjoyed having the opportunity to join our lunchtime walkers with our Key stage 2 classes. Monday lunchtimes have become one of the highlights of Year 2's week. Here is some feedback from Year 2

I like feeding Milo treats and giving him a stroke

I like walking Milo because I used to be afraid of dogs and now I am not afraid and like to give him treats and a stroke.

I like walking Milo as I like to chat with my friends and tell Mrs Stace about our learning.

*I like being in the fresh air!
I like sharing what has gone well with my learning with my friends, Mrs Stace and Milo.*

Reception children enjoy their daily exercise and fresh air with Milo !

*He's a really nice dog.
I like to run with him.
I like to run with all of my friends with Milo.
I like it because he needs lots of exercise.*

Milo loves a ball!

If Milo can get a sniff of any ball hidden around school we can guarantee he will find it! He became so possessive of this one he even took it out on the dog walk, to Values club and took it home at the end of his school day !

Milo joins lunchtime Values club and enjoys the children's company and a stroke!

'He is sooooo soft!'
